Mrs. J. L. Cummings of 50 Elm street, Barre, Vt., says: "About three years age I began to have serious attacks of kidney trouble.) The worst symptom was a sharp stitch just over my hips, and the effects would last for about three days. During these attacks I could not sleep nights and could hardly get about the house at all. If I caught cold it settled across my back and aggra-vated the trouble. I used a good many remedies, but nothing gave me so much relief as Doan's Kidney Pills, which I procured at E. A. Drown's drug store. They relieved the pain and strengthened my back and proved in every way a valuable kidney medicine. It is six months since I have had any backache and I am beginning to think that the cure is going to be permanent."
